## OBJECTIVE

---

To use my academic knowledge and technical skills in software development while pursuing MCA. I want to gain hands-on experience through meaningful projects and practical problem-solving.

## EDUCATION

---

Noida Institute of Engineering and Technology, AKTU University	Expected 2026
Master of Computer Application.	

Ram Dayalu Singh College, BRABU University	2020 - 2023
Bachelor of Computer Application	72.1%

## TECHNICAL SKILLS

---

Languages	Python, JavaScript
Web Technologies	HTML, CSS, React.JS
DataBase	MySQL, MongoDB
Frameworks	React, Spring Boot
Developer Tools	VS Code, Git

## PROJECTS

---

### Sacred Temples of India (HTML, CSS, JavaScript)

Built a responsive website to showcase famous temples across India using **HTML, CSS, and JavaScript**. It features temple history, events, festivals, and trip booking options. I integrated interactive elements, such as filters, galleries, and contact forms, to enhance user engagement. This project comprises multiple sections, highlighting the cultural and spiritual heritage of the area.

### Personal Portfolio Website (HTML, CSS, JavaScript)

Created an interactive portfolio with **HTML, CSS, and JavaScript** to display projects and abilities in an interactive design.

## LEADERSHIP EXPERIENCE

---

- Directed a 3-member group to design a Web Project – "Sacred Temples of India", overseeing task allocation and deadlines.
- Captain of the Village Cricket Team, showing teamwork, strategy, and leadership.
