OBJECTIVE

To use my academic knowledge and technical skills in software development while pursuing MCA. I want to gain hands-on experience through meaningful projects and practical problem-solving.

EDUCATION

Noida Institute of Engineering and Technology, AKTU University   Expected 2026
Master of Computer Applications.

Ram Dayalu Singh College, BRABU University   2020 - 2023
Bachelor of Computer Applications.   72.1%

TECHNICAL SKILLS

Languages	Python, JavaScript
Web Technologies	HTML, CSS, React.JS
DataBase	MySQL, MongoDB
Frameworks	React, Bootstrap
Developer Tools	Code

PROJECTS

Sacred Temples of India. (HTML, CSS, JavaScript)
Built a responsive website to showcase famous temples across India using **HTML, CSS, and JavaScript**. It features temple history, events, festivals, and trip booking options. I integrated interactive elements, such as filters, galleries, and contact forms, to enhance user engagement. This project comprises multiple sections, highlighting the cultural and spiritual heritage of the area. (code)

Personal Portfolio Website.(HTML, CSS, JavaScript)
Created an interactive portfolio with **HTML, CSS, and JavaScript** to display projects and abilities in an interactive design.(code)

LEADERSHIP EXPERIENCE

- Directed a 3-member group to design a web project – "Sacred Temples of India", overseeing task allocation and deadlines.

- Captain of the Village Cricket Team, showing teamwork, strategy, and leadership.
